or suffer from allergies, Neutral is still available too. The original Air-Flow Powder Classic to suit personal taste - and to make prophylaxis even more pleasant.

NOT JUST A MATTER OF TASTE

Original Air-Flow Powder Classic is known to be far more than just a mechanical cleaning powder. Gentle and selective for professional dental cleaning and the removal of plaque. With optimum physiological and pharmacological efficacy.

Sodium bicarbonate is the magic word - and the gold standard for prophylaxis. The alkaline effect of Original Air-Flow Powder Classic protects against tooth decay - while the osmotic effect supports the treatment of inflamed gingiva.

And for a taste of what's new, four different flavors are now available in a special tutti frutti pack.

THE ORIGINAL AIR-FLOW METHOD DOES YOU GOOD - AND TASTES GOOD. THE RECIPE FOR SUCCESSFUL PROPHYLAXIS.
